Hi Emily!

I just wanted to send you some feedback on the new system...not sure if it helps or matters, but here it is!

There are a lot of issues with tabbing; I will be tabbing through and the screen will refresh. Or I will be tabbing and as soon as I get to Assessment Date, it reverts back to the web address, not even the first data entry cell.

There's also an issue with choosing a County; sometimes I have to choose a county twice because the first time I clicked on it didn't "stick".

Just wanted to pass these along and see if anyone else was having issues also, or if it is just me and my computer!

## Thanks! Megan
